

Secrets to Perfect Laundry

You spent a lot of time picking out your favorite outfit (you look great, by the way), and you want to get the most wear out of it that you can. Our simple laundering tips will help you keep your clothing looking fabulous for years to come.

Prewash Checklist

- Treat stains.
- Zip zippers and close snaps and hooks. Leave buttons undone, as buttoning them can stress surrounding fabric during the wash.
- Turn pockets inside out and unroll cuffs.
- Turn delicate items, sweaters, and cotton T-shirts inside out.

Which Cycle?

Cycle	What It Does	When To Use It
Regular	Fast agitation and spin	Sturdy and/or very dirty fabrics, e.g., towels, jeans Average loads
Permanent Press	Medium-speed agitation with slow spin	Synthetic fabrics, including rayon, knits, polyester, and acetates
Delicate	Slower agitation and spin	Thin, lacy, and loosely woven fabrics

Which Temperature Setting?

Temperature	When To Use It
Hot	White loads
Warm	Average load, permanent press fabrics, heavily soiled colored fabrics
Cold	Dark or bright colors, delicate fabrics

Why Thieves Laundry Soap?

It gently washes laundry items with the combined power of Young Living essential oils and naturally derived cleansing enzymes, leaving them fresh, clean, and free from any harmful synthetic residues. Thieves Laundry Soap is a highly concentrated formula that can be used in all washers, including high-efficiency machines. One 32-ounce bottle contains up to 64 uses! Plus, it smells fantastic.

DIY Laundry Recipes

Fabric Softener:

Add ¼–1 cup white vinegar to your final rinse cycle. Do not mix vinegar and chlorine bleach.

Reusable Dryer Sheets:

Mix together ½ cup vinegar, 4 drops Tea Tree essential oil, and 3 drops Lavender essential oil in a small bowl. Put several small cotton cloths in a sealable glass container and pour liquid over them until the cloths are dampened. To use, simply remove 1–3 sheets from the container, squeezing any excess liquid back into the jar, and toss into the dryer. When your clothes are dry, put the cloth back into the container to reuse.
